Employment profiling relevant to abilities, experience, research, and goals.

President Kennedy said that the job should be relevant to the individual's abilities and experience.

Abilities, experience, research, and goals: What must you know about me?

I am a problem solver.

I can teach clients 60 categories of skills.

I can guide 19 specific types of physicians.

I can guide 1000 different professions, including teachers, lawyers, engineers, and specific physicians.

I have transferable skills.

I am a guide for executive jobs.

## How would you present this differently?

Resources for certified rehabilitation counselors.

## What resources were providing continuing education for certified rehabilitation counselors on or after February 22, 2021?

1. Global University under founder Doctor Asif Qureshi. Take a look at this:  
<https://qureshiuniversity.com/certifiedrehabilitationcounselor.html>
2. CRCC offices.
3. ProProfs

## How is this resource better than other resources?

This resource does not require any unjustified criteria to access learning through question-and-answer resources.

There is no unjustified fee.

There is no hidden database that can be accessed only after paying money.

Experience has revealed that those who do not display questions and answers expected of specific professions via the internet are eventually challenged.

All questions and answers must be displayed publicly for public scrutiny of the correctness of the answers and current relevance to specific jobs.

Continuing research has made these questions and answers relevant to the current job tasks of certified rehabilitation counselors.

## Why must all continuing education for certified rehabilitation counselor resources display questions and answers publicly through the internet?

Some answers to questions are controversial and need to be corrected or standardized.

## Where should you forward government grants and government checks for these resources and further research?
